

Bullet 1080p 3G SDI Camera

World's smallest 3G SDI Bullet Camera

The full HD 1080p@50/60p 3G-SDI Bullet camera, the world's smallest, lightest SDI Bullet Camera, is one universal HD camera designed for surveillance, industrial, sports or any mobile applications. It is small size, light weight, weatherproof, high sensitivity and low power consumption. With HD high quality glass lens, it can capture beautiful, crisp 1080p video into SDI signal.

The greatest advantage of SDI camera is fully digital, high quality, low latency, robust video over long distance coaxial cable. It is a best solution for a broad range of business and industrial A/V applications where long distance, high definition video transmission is required, such as machine vision, video conference, education and training etc.

Features:

- ◇ 2 Megapixel full HD 1080p50/60 Bullet Camera
- ◇ 3G SDI output over long distance
- ◇ Low light 1/3" high sensitive sensor
- ◇ Sharp glass wide angle f1.8 lens
- ◇ High Quality ISP with OSD menu options
- ◇ No video distortion and latency
- ◇ Rugged Aluminum case
- ◇ Weather proof design
